

Investment Objective and Policy

The investment objective of the Global Sustainable Focused Value Fund (GSFV) is to deliver higher returns than the market weighted index after fees and transaction costs at similar levels of risk.

The investment policy of the Fund is to hold a well-diversified portfolio of companies whose shares are traded principally on the major exchanges of developed markets. The fund may invest across the entire market capitalisation spectrum, but tends to have a larger emphasis on small and mid-cap companies than a market-weighted index. The Fund will generally invest in value stocks only.

To determine fundamental value we use a valuation composite which captures book values, earnings, operating cash flows and net cash distributions to shareholders.

The Fund also considers a company's approach towards environmental, social and corporate governance (ESG) issues. ESG risk ratings of every company the Fund invests in informs investment decisions alongside other factors.

ESG Risk Ratings Distribution

Risk and Reward Profile

The Synthetic Risk & Reward Indicator (SRRI) shown above illustrates the position of this Fund on a standard risk/reward category scale. This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund. The risk and reward category shown is not guaranteed to remain unchanged and may shift over time. The lowest category does not mean investment is "risk free". This indicator is not a measure of the risk that you may lose the amount you have invested.

The Fund is categorised as category 6 as it typically produces higher rewards than other funds (such as money market funds) and is higher risk as a result of investing in shares of companies in developed and emerging markets, the price of which may rise and fall. Risks materially relevant to the Fund which may not be adequately captured by the indicator:

Investment risk: the Fund may not achieve its investment objective and the value of shares in the Fund may fall.

Currency risk: the Fund invests in assets which are priced in overseas currencies other than the Fund's base currency (U.S. Dollars). Changes in exchange rates may lead to fluctuations in the value of your investment. The Fund may use techniques (investment level hedging) to try to limit currency exchange risk, but there is no guarantee these will be successful.

Class Currency risk: your shares are priced in Sterling whereas the Fund's base currency is U.S. Dollars. The Fund does not use techniques (share class level hedging) to try to limit the class currency exchange risk and changes in exchange rates may lead to fluctuations in the value of your investment.

Derivative Risk: the value of a derivative depends primarily on the performance of the underlying asset. A small movement in the value of the underlying asset may cause a large movement in the value of the derivative which may result in a loss to the Fund. The Fund is exposed to the risk that the other party to the derivative will not meet its obligations.

Small and medium sized company risk: Smaller and medium sized companies tend to have younger and more limited product lines, markets and finance and a smaller management team. As a result they may be more difficult or impossible to sell which could adversely affect your investment.

Further details of risks associated with an investment in the Fund are set out in the Prospectus and the Supplement under the heading 'Risk Warnings'.

About GSI

At GSI, we take the evidence from academic research in financial markets and translate it into sensible investment strategies. Our main aim is to deliver improved returns for our clients over the long-term, through 'factor investing'. The factors we look for include size, price and profitability. In addition, we incorporate how companies manage their environmental, social and governance (ESG) responsibilities. The results of these factors inform our view when considering an investment for our portfolio.

Biographies

Garrett Quigley; Managing Partner; Co-Chief Investment Officer

Garrett has over 25 years experience managing quantitative investment strategies. He enjoyed a long career as a senior portfolio manager with Dimensional Funds Advisors, a pioneer and market leader in the field of factor-based investment strategies. Garrett is an avid believer in an academically robust and rigorous approach to managing investment portfolios. He co-founded GSI with a view to forging a distinct investment philosophy that combines diversified factor-based investing with a view to the long-term sustainability of investments. Garrett holds a Masters in Finance from London Business School and an MSc in Intelligent Systems from Brunel University. He has co-authored numerous articles including a study with Rex Sinquefeld on UK fund returns and a long-term study on the value effect in the UK with Elroy Dimson and Stefan Nagel. He is an Advisory Board member of Style Analytics, a leading portfolio analytics firm, and is a director of INQUIRE UK, the main institutional quantitative research organisation in the UK.

Bernd Hanke; Managing Partner; Co-Chief Investment Officer

Bernd has more than 15 years experience managing quantitative investment strategies on a global basis. Prior to founding GSI, Bernd was an asset manager for GSA Capital in London, focusing on quantitative equity research and portfolio management. Before that, Bernd was head of international quantitative equity research at Goldman Sachs Asset Management in New York. Bernd believes that a scientific, academically grounded and sustainable approach to investment management produces optimal long-term results both for investors and for society as a whole. Bernd has co-authored numerous papers and has presented widely on systematic investment strategies. He is also a referee for the Financial Analysts Journal and has acted as an expert witness in several US class action lawsuits involving major pension plan sponsors. Bernd holds a CFA designation and has a PhD in Finance from London Business School.

Andrew Cain; Managing Partner

Andrew has over 25 years of experience in fund management, both in Europe and Asia. His expertise covers global, regional, local equity and fixed income portfolios. Andrew holds a CFA designation and an MBA from the London Business School. Andrew is a firm believer that a systematic approach to investing, using well understood and tested academic theories, combined with sensible implementation, produces the best results for clients. GSI has enabled Andrew to get back to working in a small team of like-minded professionals, all of whom are passionate about investing and delivering the best outcome to their clients.

Max Tennant; Managing Partner

Max has over 30 years' experience in the financial advisory world and is a regular conference speaker. He talks across UK, Europe and SE Asia on subjects such as socially responsible investing, practice management and how to provide a full delegation service to clients in a modern world. Max has spent many years applying systematic investment strategies to client portfolios. His drive for adopting a sustainable approach to investing has come from his farming background as a child and one simple question he asks nearly everyone he meets; "What do you want for society and the world at large?"

Disclosures

This document is issued by Global Systematic Investors LLP (GSI) and does not constitute or form part of any offer or invitation to buy or sell shares. It should be read in conjunction with the Fund's Prospectus, key investor information document ("KIID") or offering memorandum. GSI is authorised and regulated by the Financial Conduct Authority (FRN 572537). The Company's registered office is 75 King William Street, London EC4N 7BE, United Kingdom.

The price of shares and income from them can go down as well as up and past performance is not a guide to future performance. Investors may not get back the full amount originally invested. A comprehensive list of risk factors is detailed in the Prospectus and KIID and an investment should not be contemplated until the risks are fully considered. The Prospectus and KIID can be viewed at www.gsillp.com and at www.gemincapital.ie
